

**INTERNATIONALLY RECOGNIZED QUALIFICATION**

## About City & Guilds

City & Guilds provide assessment and certification services for schools and colleges, business and industry, trade associations and government agencies in more than 100 countries. over 120 years of experience in identifying training needs, developing assessment materials, carrying out assessments and training assessment staff. City & Guilds award certificates to people who have shown they have mastered skills that are based on world-class standards set by industry.

## About This Qualification

The City & Guilds Automobile Qualification equips learners with essential automotive skills and knowledge. It combines practical and theoretical training in vehicle maintenance, repair, diagnostics, and electrical systems, preparing qualified candidates for various roles in the automotive industry.

## Automobile Certificate & Diploma (Full Diploma)

### Light Vehicle Maintenance and Repair Principles

The City & Guilds Automobile Qualification is ideal for those with established technical skills seeking greater responsibility, whether through supervisory roles, running their own business, or advancing to diagnostic technician positions. Level 2 is perfect for those who have a solid foundation in vehicle service skills and are ready to advance, while higher levels cater to those working with minimal supervision, focusing on safety, fault correction, and maintaining high standards.

## Who is the qualification for

- The qualifications are aimed at learners aged 16+ who would like to develop practical skills and understanding in motor vehicle systems.
- Successful learners will have acquired the key skills and understanding to apply for an automotive apprenticeship.
- These qualifications could also be used as an 'interest' course for a wide range of learners.

### What does this qualification cover?

These qualifications allow learners to learn, develop and practise the skills required for employment and/or career progression in the automotive industry.

**Entry Requirement : G.C.E. O/L or London O/L**

**Duration : Weekdays - 13 Months | Weekends - 18 Months**

Students who score below average on the FLITS Initial Assessment must follow FLITS bridging program parallel with this programme. FLITS bridging program course fee- LKR 10000

### Opportunities for progression

Upon successful completion of this qualification, learners will be equipped with the knowledge and skills required for progression in the automotive industry, or to the following City and Guilds qualifications:

- City & Guilds Level 3 Diploma in Light Vehicle Maintenance & Repair Principles
- 7290-04 City & Guilds Level 4 Award in Diagnosis and Rectification of Faults in Electric and Hybrid Vehicles
- City & Guilds Level 4 Diploma or Level 5 Advanced Technician Diploma in Mechanical Engineering

## Modules

7290- 051-Knowledge of health, safety and good housekeeping in the automotive environment

7290- 001-Skills in health, safety and good housekeeping in the automotive environment

7290- 054-Knowledge of materials, fabrication, tools and measuring devices in the automotive environment

7290- 004-Skills in materials, fabrication, tools and measuring devices in the automotive environment

7290-151-Knowledge of routine light vehicle maintenance

7290- 101-Skills in routine light vehicle maintenance

7290-152 Knowledge of light vehicle engine mechanical, lubrication and cooling system units and components

7290-102 Skills in Removing and Replacing Light Vehicle Combustion Engine Units and Components

7290-172 Syllabus - Knowledge of light vehicle fuel, ignition, air and exhaust system units and components

7290- 053-Knowledge of support for job roles in the automotive work environment

7290- 003-Skills in supporting job roles in the automotive work environment

7290-161 Knowledge of overhauling light vehicle engine units

7290-111 Skills in overhauling light vehicle engine mechanical units

7290- 157-Knowledge of diagnosis and rectification of light vehicle engine faults

7290- 107-Skills in diagnosing and rectifying light vehicle engine faults

7290- 158-Knowledge in diagnosis and rectification of light vehicle chassis faults

7290- 108-Skills in diagnosing and rectifying light vehicle chassis system faults

7290- 163-Knowledge of diagnosis and rectification of light vehicle transmission and driveline faults

7290-113-Skills in diagnosing and rectifying light vehicle transmission and driveline faults

7290- 457-Knowledge of diagnosis and rectification of vehicle auxiliary electrical faults

7290- 407-Skills in diagnosing and rectifying vehicle auxiliary electrical faults

7290-601 Knowledge of Carrying Out Non-High Voltage Operations On, Near or With an Electric Vehicle

# WEEKDAY BATCH

Course Fee for Diploma (Sri Lankan Rupee)	City & Guilds UK Exam Fees Including Assessments & Online exams - (Sri Lankan Rupee)
Registration Fee : 43,000/- <b>Installment Plan :</b> followed by 12 monthly installments Rs. 17,000 per month x 12 months <i><b>“All monthly installments must be paid on or before the 2nd of each month as this is part of the total course fee.”</b></i>	Qualification Level Registration fee and assessment fee, booking Processing Fee & Handling fee – 102, 000/=
	Installment Plan : First payment 42,000 on the day of orientation + Second payment 60,000 within 5 months
